

Healthwize®

Healthwize is formulated to remain in a liquid state under 76°F, allowing it to be pumped and poured at room temperature. Healthwize is made with a blend of Canola Oil and Coconut Oil, delivering the extra aroma, flavor and color provided from coconut oil. Healthwize contains 65% lower saturated fat and offers a higher melting point than products made with 100% coconut oil.

Ingredients: Canola Oil, Coconut Oil, Beta Carotene (for color), Natural & Artificial Butter Flavor, TBHQ, and Dimethylpolysiloxane (an anti-foam agent).
