

Gateway High Oleic Sunflower Oil[®]

Sunflower oil is the non-volatile oil pressed from the seeds of sunflower. It has a clean, light taste and is high in Vitamin E. A distinctive characteristic of High Oleic Sunflower Oil is its low level of Polyunsaturated fats (7%), and high level of Monounsaturated Fats (84%), making it a popular choice for high heat cooking. It also contains one of the lowest levels of saturated fats (9%) of most of the available oils.

Gateway High Oleic Sunflower Oil is a refined, bleached, and deodorized (RBD) sunflower oil. It is commonly used in the food industry as an alternative to standard cooking and frying oils, in the movie theatre and concession industry as a popping and topping oil for popcorn, in the cosmetics industry in formulations as an emollient such as lip balms and creams, and in pharmaceutical products.

Product Specifications

Flavor	Bland / Neutral
Appearance	Clear and brilliant.
Iodine Value (IV)	77 - 87 meq/kg
Free Fatty Acid (FFA)	0.05 Max (%)
Peroxide Value (PV)	1.0 Max (meq/kg)
Color	1.5 Red Max (Lovibond R/Y)
Moisture	0.05 Max (%)
Cold Test	5.5 Min (hrs @ 32°F)
Chlorophyll Content	0.1 Min
Filterable Impurities	7 Min
Smoke Point	471°F
Flash Point	606°F

All determinations by AOCS methods.
 Antioxidants and/or antifoaming agents may be added upon request.
 Kosher - Union of Orthodox Jewish Congregations of America.
